This Preliminary Amendment and the filing of a Continuation Application herewith is a bona fide attempt by Applicant to respond to the Office action dated June 8, 2001 in pending patent application USSN 09/626,286, filed July 25, 2000. A petition for a three month extension of time is being submitted concomitantly, via facsimile transmission, in pending patent application USSN 09/626,286, thus extending the due time for response in pending patent application USSN 09/626,286 until December 8, 2001, and extending the time for copendency until December 8, 2001. Thus, this filing of a Continuation Application and Preliminary Amendment is timely.

Prior to examination on the merits please amend the above-identified application as follows without prejudice or waiver.

In the specification, before the first line, please insert:
